NEW-YORK, TUESDAY, OCTOBER 12, 1858.

A NEW-YORKER'S TOUR IN INDIA.

Now Ready:

The SECOND EDITION of

FROM NEW-YORK TO DELHI,

RIO DE JANEIRO, AUSTRALIA AND CHINA.

By RORT. B. MINTURS, JR.

I vol. 12mc. With a Msp. \$1.23.

THE FIRST ELITION OF THIS INTERSELY INTERESTING BOOK WAS EXHAUSTED IN THREE DAYS.

Opisions of the Parss.

"Mr. Minturn's volume is very different from an ordinary sketch of travel over a well beaten road. He writes with singular condensation. His power of observation is of that intuitive strength which catches at a glance the salient and distinctive points of everything he sees. He has shown rare eleverness, too, in minging throughout the work, agreeably and amobtrusively, so much of the history of India, and yet without ever suffering it to elog the marrative."

From The Boston Journal.

"This book shows how much can be accomplished by a wideawake, thoughted man in a six mouths tour.

"The I terrary execution of Mr. Minturn's book is of a high order, and, altogether, we consider it a timely and important contribution to our stock of meritorious works.

From The Richmond Whiz.

"The book before us, beside presenting a most agreeable marrative of his journeying to Rio. Australia, Northern and Southern China, &c., affords a remarkably clear and succinct account of India—a country which recent events have invested with profound interest throughout the evilibred world; and certainly has removed many misgivings which we fad individually entertamed on the subject of the British rule there."

From The Albany Evening Journal.

"Mr. Minturu, though traveling rapidly, made good use of his eyes and his ears, taking care to commit what he saw and heard in a familiar, compact and readable form to paper."

From The Cincinnati Inquirer.

"We can safely ray that no work has been issued which conveys more information about India and Australia than this; that it is unusually well written; and that, both on account of its matter and agreeable marrative, it is destined to have a great popularity. It is one of the best hit as of the book

celebrated Drawing by Frascheri. Price, \$1.25.

Extract from an article in The Boston Courier by Professor C.

C. Felton of Harvard College:

"There can be no question that these novels of Guerrazzi are of marked and high literary merit. Their style is clear, pure and vigorons. The power of the author is shown in his brilliant pictures, his vivid descriptions, and his brief energetic expressions of feeling. His characters are drawn with short, sharp strokes, as with the point of a sword. The reader becomes a spectator. From his post of observation he sees a drama enacted before him, the scenery and costomes are perfect; there is a fearful carnestness and vitality in the performers. With parted lips, and check growing paler, he wear-less with eagerness the progress of the action till the curtain falls."
